
15kw hybrid inverter in China in Russia

Over the course of using NotebookLM and side by side, I realized how well they work together. I finally had a system that slowed down fast-paced content and turned ...

Level up your studying with NotebookLM, the AI tool for students that can summarize lecture notes, create study guides and help you learn new topics faster.

NotebookLM can now help you make presentations, but I use the feature a little differently.

The Google note-taking tool NotebookLM uses Gemini 3.0 for higher-quality sources and summaries, giving you quicker answers you can trust.

I use NotebookLM to organize my thoughts, workshop ideas and prepare outlines for presentations. Here's everything you need to know.

Meet NotebookLM, the AI research tool and thinking partner that can analyze your sources, turn complexity into clarity and transform your content.
