## 280ah cylindrical solar container lithium battery

One question I have is when in lead acid mode I set the Ah setting to 280Ah but when looking at the eg4 webmon (not app) it doesn't indicate the total batt, full cap or ...

I came across the ECO-WORTHY 48V 280AH LiFePO4 battery recently, and it looks like a pretty interesting option for off-grid solar setups, especially considering the price ...

Hi all, Relatively new to the DIY battery route. Watched a load of Will's videos re Prismatic LiFePO4 cells and decided to go that route. Basically from my preview building as ...

I have a 280Ah LiFePO4 battery. The voltage vs charge level data from the manufacturer is as follows. Battery Voltage & Actual Capacity 13.6V 100% 13.4V...

Hi, We are building a new RV, and looking for a 230..300Ah battery system. Need at least 150Ah discharge current. Li-Time, Eco-Worthy, and WattCycle are on the shortlist. I ...

140Ah,280Ah,? cated to state of charge. For example, if actual capacity is 140Ah and fully charged capacity is ...

I am just about done buying for and building my system, the last component is batteries. I'm trying to decide between these two options. I have been reading BarracudaBob's ...
