
500kW Energy Storage Container for Campsites in Cyprus

PDF | On Jun 12, 2024, Xiaochen Liu and others published Impact of groundwater nitrogen legacy on water quality | Find, read and cite all the research you need on ResearchGate

Sustainable watershed management requires long-term strategies that address the impacts of legacy N and promote sustainable agricultural practices aligned with the Sustainable ...

National and international policies have aimed to protect the quality of freshwater by mitigating agricultural nitrogen emissions. However, the nitrogen legacy in groundwater ...

The loss of agricultural nitrogen (N) is a leading cause of global eutrophication and freshwater and coastal hypoxia. Despite regulatory efforts, such as the European Union's ...

Abstract Nitrogen (N) legacy effects are widely recognized as a primary obstacle to the improvements of water quality following mitigation efforts. The exploration of long-term ...

Characterizing legacy nitrogen-induced time lags in riverine nitrogen reduction for the Songhuajiang River Basin: Source analysis, spatio-seasonal patterns, and impacts on ...

Nitrogen (N) legacy effects are widely recognized as a primary obstacle to the improvements of water quality following mitigation efforts. The exploration of long-term nutrient trajectories for ...
