55kvw solar inverter

Just got Android 14 phone and tried to find a possibility to activate Shizuku automatically on the device boot, and every possible solution led to Tasker and MacroDroid. I ...

Shizuku Public Using system APIs directly with adb/root privileges from normal apps through a Java process started with app_process.

Using system APIs directly with adb/root privileges from normal apps through a Java process started with app_process. - RikkaApps/Shizuku
