Does Belgium have a 5G network?

The 5G network coverage can be viewed here. Overall, the 5G network appears to be better developed in the northern area of Belgium, in particular in Antwerp, Ghent and coastal cities, as well as in the periphery of Brussels. This is partially due to higher population density in these areas.

When were 5G regulations adopted in Belgium?

5G regulations were finally adopted on 28 November 2021. The national regulatory authority (the Belgian Institute for Postal Services and Telecommunications or BIPT) then adopted a series of individual decisions on 23 August 2022 and 16 November 2022 granting 5G user rights to the following operators:
