# Central Asia Isolation Container Wholesale

How many specialized container solutions are there?

Our specialized container solutions feature 12 series with over 100 configurations, engineered for intermodal logistics, mining, construction, energy sectors, and beyond.

Do you provide co-packing services in China?

We provide co-packing services in China, meaning we receive your products in bulk in our factory and assemble them in their final finished packaging. Create kits by assembling products from different suppliers into the same packaging, even with products from countries outside of China.

Where are SCH&#252;tz containers made?

The plant in Yangzhou is our fourth manufacturing facility in China. Today, approx. 400 employees are active in the fields of production and reconditioning of SCH&#220;TZ containers and plastic drums - offering high-quality products and services to the steadily growing demand in the Chinese, Korean and Taiwanese markets.

Why should you choose asiapack for your global packaging needs?

Strongly recommended for your Global Packaging needs. 90% of our sourcing goes through Asiapack consolidation platform in Shenzhen. We reduced our costs by 70% and increased our export sales. We benefit from a two warehousing system, one warehouse for bulk products, the other for finished goods.

Asiapack provides co-packing services, manufactures packaging materials, kitting & assembly, warehousing, and packing goods in customs bonded area in China.
