## Dab micro inverter

In our Sharp DR-P520 review we check out this new pocket/handheld radio with BestTune and built-in rechargeable battery.

DAB+ (sometimes called DAB plus) is a newer version of DAB and is now being used by more than 20 national digital radio stations in the UK.

How do we convert present DAB radios, both home and in car, to DAB+? Since DAB is so good, why DAB+? Sounds like another racket to make people (unnecessarily) ...
