# Danish Power Company Energy Storage Policy

Who will supply Copenhagen Energy's 132 MWh Everspring battery energy storage system?  
Copenhagen Energy's 132 MWh Everspring battery energy storage system (BESS) portfolio will be supplied by Huawei Digital Power. Image: Huawei Digital Power. Copenhagen Energy's 132 MWh Everspring battery energy storage system (BESS) portfolio will source its technology from Huawei Digital Power.

Will gas storage Denmark increase filling levels ahead of winter season?  
The Danish Energy Agency has requested Gas Storage Denmark to initiate a tender aimed at increasing the filling levels of Denmark's two underground gas storage facilities ahead of the winter season. 08. July 2025

How will a Bess project help Denmark's energy grid?  
Denmark's energy grid, which has been a frontrunner in incorporating wind power, remains exposed to periods of imbalance and price fluctuation, and BESS installations will offer useful management and optimization. The Everspring portfolio, financed by Ringkjøbing Landbobank, is intended to provide flexible capacity to the Danish grid.

What is the Danish Energy Agency?  
Power in the outlet. Heat in the radiator. Light in the street lamps. It all takes energy. The Danish Energy Agency is responsible for ensuring a secure and green energy supply--affordable and shared by all.
