
Energy storage project in Antwerp Science and Technology Industrial Park Belgium

What is the largest energy storage project in Europe?

A First Flagship Energy Storage Project in Belgium After commissioning four battery parks in France offering total energy storage capacity of 130 MWh, this project will be the Company's largest battery installation in Europe.

Is totalenergies developing a second battery storage project in Belgium?

Download the Press Release (PDF) Antwerp, April 3, 2024 - On the occasion of Belgian Energy Minister Tinne Van der Straeten's visit to TotalEnergies' Antwerp refinery battery storage project, the Company announced the development in Belgium of a second similar project. The new project will be developed on the site of TotalEnergies' depot in Feluy.

What is the power rating of the Antwerp battery project?

The Antwerp battery project has a power rating of 25 MW and capacity of 75 MWh. The installation will be operational by the end of 2024. The project uses 40 Intensium Max High Energy lithium-ion containers supplied by Saft. TotalEnergies has a portfolio of 450,000 BtC and 100,000 BtB electricity sites in Belgium.

What is the D-Stor battery storage project in Belgium?

A digital illustration of the D-STOR battery storage project in Belgium. Image: BSTOR. Project owners BSTOR and Energy Solutions Group have started building separate BESS projects totalling 440MWh of capacity in Belgium, following financial close, both of which will use Tesla Megapacks.

TotalEnergies, a global energy company, has initiated an ambitious energy storage project at its Antwerp refinery in Belgium. This groundbreaking endeavor involves the development of a massive 25MW / ...

Antwerp, April 3, 2024 - On the occasion of Belgian Energy Minister Tinne Van der Straeten's visit to TotalEnergies' Antwerp refinery battery storage project, the Company announced the ...

Download the Press Release TotalEnergies has launched an energy storage project at its Antwerp refinery (Belgium) with a power rating of 25 MW and capacity of 75 ...

Construction work on Antwerp Battery Energy Storage Facility located in Antwerpen, Flanders, Belgium commenced in Q1 2024, after the project was announced in Q2 ...

The 25 MW, 75 MWh battery project at Antwerp refinery will stabilize the grid, support renewable energy integration, and enhance TotalEnergies' presence in Belgium's electricity value chain.

The 25 MW, 75 MWh battery project at Antwerp refinery will stabilize the grid, support renewable energy integration, and enhance TotalEnergies' presence in Belgium's ...

Paris, May 15, 2023 - TotalEnergies has launched at its Antwerp refinery (Belgium), a battery farm project for energy storage with a power rating of 25 MW and capacity of 75 MWh, ...
