
Extensible Photovoltaic Foldable Container for Railway Stations

The proposed methodology may be extensible to similar tools and tries to address the lack of scientific studies in the validation and acceptance of computer-based educational ...

Why is motherboard used to refer to the main board of a computer? What is the relationship with the word mother here?

Where does the adjective form extensible come from and does it connote anything different than extendible? What's the difference, if any, between the two?

For example, AIM stands for AOL Instant Messenger, and AOL stands for American OnLine. This isn't quite the same thing as a recursive acronym, which refers to itself. Maybe ...

Documents a piece of written, printed, or electronic matter that provides information or evidence or that serves as an official record. Unless there are other documents, this is clear ...

The distinction that I've drawn in my mind is that practical means easily practiced and practicable means capable of being put into practice.

+1, but there is also extendable vs. extensible. Extendable referring to physical properties (an extendable ladder) and extensible referring to versatility/ability to be added to in ...
