# Financing for the 120kW Mobile Energy Storage Container Project in Vilnius

What is E-Energija doing in Lithuania?

E-energija Group has commenced construction on Lithuania's largest battery energy storage system (BESS) project, the 120MWh Vilnius BESS. This facility, which is set to become Lithuania's first commercial battery storage site, will significantly increase the country's storage capacity by around 50%.

What is the largest "private" BESS project in Lithuania?

IPP E-energija Group has started building what it claims is the largest 'private' BESS project in Lithuania, a few weeks after the Baltic region decoupled from Russia's electricity grid. The 120MWh battery energy storage system (BESS) project near Vilnius, the capital of Lithuania, will come online by the end of 2025.

What is Lithuania's first commercial battery storage facility?

Located near Vilnius, this project will be the country's first commercial battery storage facility and is expected to increase Lithuania's total storage capacity by approximately 50%. The system is scheduled to begin operations by the end of 2025.

How much does the EU spend on energy storage in Lithuania?

In late 2024, the EU approved a EUR180 million (US\$188 million) support package for over 1.2GWh energy storage in Lithuania, covering a maximum of 30% of the projects' capital expenditure costs via a competition auction set to conclude before the end of 2025.

E-energija Group has started building Lithuania's largest battery energy storage system (BESS), known as the Vilnius BESS, with a capacity of 120MWh. Located near Vilnius, ...

E-energija Group has commenced construction on Lithuania's largest battery energy storage system (BESS) project, the 120MWh Vilnius BESS. This facility, which is set to ...

The Vilnius Energy Storage Power Station Subsidy Policy creates substantial opportunities for renewable energy developers and industrial users. By understanding the financial incentives, ...

Learn how to secure energy storage financing for \$100M+ projects. Explore project finance, PPAs, green finance incl. incentives, and key industry trends for success.

Lithuania's Ministries of Energy and the Environment have jointly approved an additional EUR37 million in funding to expand the country's capital expenditure (capex) support for ...

Trina Storage, the battery energy storage system (BESS) division of solar energy firm Trinasolar, has announced the deployment of three new battery storage projects in Lithuania, totalling 90 MW/180 MWh. ...

---

Helsinki, 1.7.2025 --E energija group and Capalo AI have signed an agreement to trade and optimize the 120 MWh Vilnius Battery Energy Storage System (BESS), currently under construction near Vilnius. ...
