## Gravity energy storage design scheme

Newton's "law" of gravity is a mathematical description of the way bodies are observed to attract one another, based on many scientific experiments and observations. The gravitational ...

**GRAVITATIONAL PULL** See Gravity **GRAVITY** The force of attraction between two objects which is influenced by the mass of the two objects and the distance between the two objects.

...

Gravity continues to pull together the carbon atoms in the core until the temperature reaches 600,000,000 degrees Celsius. At this temperature, carbon atoms form heavy elements such ...
