
Home solar container system sales in Toronto Canada

What is included in a Canadian Solar Home system?

We offer Canadian Solar home systems that include everything needed to get the job done in a few days - and save a bundle. Solar kits include Canadian solar panels with 25 year warranty, grid-tied AC Inverter, rooftop mounting racks, wiring, cables, hardware, step-by-step instructions and permit-ready plan.

Where are Canadian solar panels made?

With manufacturing facilities in Canada, Brazil, China, Indonesia, Thailand, and Vietnam, Canadian Solar has successfully delivered 36 GW (gigawatts) of solar panels globally. Canadian Solar is a publicly traded company (NASDAQ: CSIQ) since 2006 and is one of the more bankable companies in the solar industry.

Why should you go solar in Toronto?

From custom system design and permits to full installation and final inspection, they handle the process start to finish, ensuring maximum efficiency and long-term performance. Going solar in Toronto not only reduces your hydro bill but also increases your property's value and supports the province's transition to renewable energy.
