# India Mumbai Air Cooled Energy Storage Project

Is Tata Power installing a 100MW battery energy storage system in Mumbai?

Loading... Tata Power, India's largest integrated power company, has secured approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100MW Battery Energy Storage System (BESS) across Mumbai.

Where will a 100MW power system be installed in Mumbai?

The complete 100MW system will be installed across ten strategically located sites, particularly near load centres across Mumbai Distribution, centrally monitored and controlled from Tata Power's power system control centre.

Why is Tata Power launching a Bess project in Mumbai?

With real-time monitoring from Tata Power's Power System Control Center (PSCC), the BESS will strengthen Mumbai's grid resilience, support clean energy adoption, and fulfill energy storage obligations. The project underscores Tata Power's commitment to sustainable, future-ready power solutions.

How will a power system improve Mumbai's power network resilience?

This will prevent large-scale blackouts and enhance Mumbai's power network resilience. Additionally, the system's sophisticated technology will optimize reactive power management, improving peak demand efficiency and strengthening the city's power infrastructure.

Mumbai, April 7, 2025 - Tata Power, India's leading integrated power company, has secured approval from MERC to deploy a 100 MW Battery Energy Storage System (BESS) across 10 ...
