Transmission tower and substation (KOSTT) The only Operator of the Electricity System, Transmission and Market in Kosovo is KOSTT. It is 100% owned by the Assembly of Kosovo. This enterprise manages the Transmission System of the Republic of Kosovo by operating with high voltage levels of 400 kV, 220 kV and 110 kV.

Who owns the transmission system in Kosovo?

2. Transmission tower and substation (KOSTT) The only Operator of the Electricity System, Transmission and Market in Kosovo is KOSTT. It is 100% owned by the Assembly of Kosovo. This enterprise manages the Transmission System of the Republic of Kosovo by operating with high voltage levels of 400 kV, 220 kV and 110 kV.

What is a containerized mobile substation?

Containerized mobile substations are sheltered and address applications in challenging environmental conditions including areas with high pollution, high humidity, extreme temperatures or sand storms. Containers are easy to transport and fast to install, by reducing foundation works as well as installation and commissioning effort on site.

Does Kosovo have a power grid?

Recently, Kosovo's power grid (energy network) has finally emerged from the regulatory bloc with Serbia, Montenegro and northern Macedonia, which means that Kosovo will henceforth control its energy borders, operating as an independent regulatory zone within the Kosovo-Albania bloc.

3. Distribution Substation (KEDS)

E-Houses are customized, prefabricated substation (pre-assembled, pre-tested) modular power substations. Providing electrical power - to wherever it's needed.

Containerized mobile substations are sheltered and address applications in challenging environmental conditions including areas with high pollution, high humidity, ...

suppression fire fighting system Shock proof spring loaded connection fluorescent lamps
Switch-room structure designed to withstand severe seismic and cyclone conditions ...

Container Type Unitized Substation Container type unitized compact substation from Rockwell Electric. It complies with IEC standard, and it is easy for transportation and installation, high quality and strong enough for ...

Such development has created favourable conditions for supporting integration of renewable sources into the transmission grid Taking into consideration Kosovo's capacities for ...

2. Transmission tower and substation (KOSTT) The only Operator of the Electricity System, Transmission and Market in Kosovo is KOSTT. It is 100% owned by the Assembly of Kosovo.

...

Medium voltage containerised power substations for the solar, mining, tunnelling and construction industries. Containers substation are offered as standard or bespoke packages to suit the ...
