# **Liechtenstein generator container prices**

Where can I buy a genset container?

The genset can also be attached to the chassis of the container,in these cases,it is called an underslung genset. Here at Alconet,you can buy a genset container both new and used. Take a look at our current offer down below,or request a quote directly to receive a price inquiry.

What is a containerised generator?

Our Containerised Generators deliver robust,high-capacity power from 300-3,000 kVA in secure,weather-resistant enclosures. Designed for challenging environments and critical applications,they offer noise reduction,easy transport, and bespoke configuration to meet your site's exact needs.

What is a genset on a reefer container?

A generator set ensures that reefer containers have power when there is no regular power source available. The generator is normally mounted on the front of a reefer container; in those cases,it is a clip-on genset. The genset can also be attached to the chassis of the container,in these cases,it is called an underslung genset.

Why should you choose a containerised generator?

Containerised Generators are trusted across industries where reliability and resilience are non-negotiable,such as Healthcare and Rail infrastructure. Every unit can be tailored to your project with options for fuel type,noise attenuation, and space-saving layout.
