# Lima Super Lithium Capacitor Manufacturer

Which supercapacitor company produces 500 million Ah lithium ion batteries?

Recent layout: LISHENin top 10 supercapacitor companies now has an annual production capacity of 500 million Ah lithium-ion batteries, and its products include six series and hundreds of models of round, square, polymer batteries, power batteries, photovoltaics, and supercapacitors.

Who makes lithium ion batteries in China?

LISHENis the lithium-ion battery manufacturer with the largest investment scale and the highest level of technology in China so far, and its market share ranks among the top five in the world, making it a representative brand of lithium-ion batteries in China. Recent layout:

Who is LICAP capacitors?

LICAP is a world-class, market-leading manufacturer of ultracapacitors and lithium-ion capacitors. Through the continuous research and development of new materials and new processes over the years, the company has improved equipment performance and reduced costs.

What makes LICAP a top 10 supercapacitor company?

One of top 10 supercapacitor companies LICAP has always been committed to the development and production of energy storage solutions with market-leading levels. All along, through continuous research and development and improvement of its own technology, it has met the growing demand for energy storage in the market and various applications.
