
Luxembourg City Folding Container with Extra Large Capacity

What is a foldable large container (FLC)?

HIGHLIGHTS The ORBIS Europe BulkPak™ brand of foldable large containers (FLC) helps global automotive and industrial companies streamline part shipments across global supply chains. For increased transport efficiency, our FLC containers are stackable and collapsible with a return ratio of up to 1 : 3.

What is a large plastic bulk container suitable for?

Our large plastic bulk containers are suitable for: With high load capacities and a durable all-plastic design, ORBIS reusable bulk containers are designed to store and transport heavy-duty parts in automotive supply chains. Our XXLPaks can protect even large and bulky items during storage and transportation.

What is a foldable large container?

Foldable large containers (also called: pallet boxes) are large collapsible containers adapted to Standard pallet footprints. They can be manufactured from wood or plastic. As a combination of container and pallet, pallet boxes often have runners. Due to the runners, operators can easily handle the large containers with fork lifts and lift trucks.

How much weight can a large bulk container hold?

At the same time, the large FLCs hold up to 900 kg. With a return ratio of up to 1 : 2,6, the collapsible bulk containers optimise space utilisation during storage and return transport. You can choose from multiple footprints, heights, door configurations and labelling options in order to adapt our large bulk containers to your supply chain needs.
