# Malta Configurable Energy Storage Project

What is Malta's energy storage system?

Malta's grid-scale, long-duration energy storage system helps governments, utilities, and grid operators transition to low-cost, carbon free renewable energy while enhancing energy security. Storing electricity for eight hours to eight days or longer, the solution reduces CO<sub>2</sub> emissions and dependence on natural gas.

Is Malta the first company to commercialize a thermoelectric energy storage system?

Christian Bruch, President and CEO of Siemens Energy, said, "Malta's innovative thermoelectric energy storage system offers a flexible, cost-effective and scalable solution for the storage of energy over long periods of time. With our support, Malta is well positioned to be the first company to commercialize such a solution globally."

How efficient is Malta's thermal storage system?

Malta's system also achieves a power-to-power charge/discharge round-trip efficiency (RTE) of up to 60%, which is about 50% higher than other thermal storage systems without heat pump charging.

Who invested in Malta energy?

CAMBRIDGE, Mass.-- (BUSINESS WIRE)--Malta Inc., a leader in long-duration energy storage, today announced that it has closed on a round of financing provided by a group of investors including Siemens Energy Ventures and Alfa Laval as well as existing shareholders Breakthrough Energy Ventures, Proman, Chevron Technology Ventures, and Piva Capital.

Overview Malta's grid-scale, long-duration energy storage system helps governments, utilities, and grid operators transition to low-cost, carbon free renewable energy ...

Swaminathan advises Malta Inc., a startup that could be key for achieving a stable electrical network powered by 100% renewable energy.

Announced on Monday (16 June), the agreement establishes a revenue structure for the 14MW long-duration energy storage (LDES) project. It will be based on a technology that Malta Inc. claims can enable ...

Announced on Monday (16 June), the agreement establishes a revenue structure for the 14MW long-duration energy storage (LDES) project. It will be based on a technology ...

Why the World Needs Malta's Thermal Energy Breakthrough You know how everyone's talking about renewable energy these days? Well, here's the problem they don't always mention: ...

OVERVIEW Malta Inc., a renewable energy storage company, incubated at X, Alphabet's Moonshot Factory, is on a mission to bring an advanced renewable energy storage ...

---

Malta plans to deploy its energy storage system on an international scale after receiving funding from Siemens Energy, Alfa Laval, and additional shareholders.
