## New Zealand Auckland battery pack

Where can I buy a battery in New Zealand?

Mr Positive is an online battery retailer based in Auckland, New Zealand. They sell lithium-ion batteries, lithium polymer battery packs, power tool batteries, marine batteries, motorcycle lead-acid batteries, and battery accessories. To best meet customers' needs, Mr Positive sorts batteries into two types: "Budget" and "High Performance".

Can a New Zealand battery pack be repacked & re-energised?

We have a comprehensive range of cells imported to New Zealand for assembly to meet your requirements. Commercial and Industrial battery packs can be repacked, re-energised with the latest in technology, providing better capacity and run time, often at a fraction of the New Replacement price.

What is a rechargeable battery pack?

Rechargeable battery packs are assemblies of individual battery cells designed to be repeatedly charged and discharged, unlike single-use primary batteries. These battery kits offer a sustainable and cost-effective power solution, providing the precise voltage and capacity required for a wide range of devices.

What is a battery pack?

Configurability: Battery packs are made up of individual cells in series, parallel, or a combination of both to achieve the desired voltage, capacity (Ah), and power output for a specific device.
