## Outlet voltage of solar panel

Hello, Look at these pictures please. I am confused and I don't know which one of the following words I should use to describe these: socket, wall socket, outlet, plug, power ...

800 1,040 ICP110745 ; ICP13052560-1 ; 11010802020088 ;  
11220250001 ; [2025]0422-132 ...

An "outlet" (at least in AE) is a store that sells retail goods, especially if the goods are discounted in price for some reason. A bank would have "branches". KFC might have a ...

If socket, wall socket, outlet, electrical outlet and (informally) plug basically mean the same thing, which one (s) do you usually use in spoken American English? And British ...
