
Portable power box for fire fighting

What is a fire fighting box?

The Fire Fighting Box is a key item within our extensive Fire Hose Reel & Cabinet selection. Fire hose reels & cabinets are typically constructed from durable materials like stainless steel, aluminum, or UV-resistant plastics. Each material offers unique benefits in terms of resilience, corrosion resistance, and longevity.

What makes portable fire fighting equipment so strong?

Portable fire fighting equipment can attribute their strength to their engineering. Sun, heat, and water can be hard on any portable firefighters, but not on fire fighting units constructed from reliable and lightweight UV-resistant poly.
