How much does a 20ft container cost?

For your information, we sell 20ft general purpose or dry containers starting at around 26 million IDR. This type of container is suitable for transporting and shipping dry cargo that doesn't require special temperature conditions.

Why are second-hand shipping containers for sale so popular?

Second-hand shipping containers for sale are no longer just used for shipping freight; they have become a key resource for sustainable construction, innovative retail, and flexible workspaces. With the rising popularity of container-based projects, demand for used containers has surged globally. Three major factors are driving this demand:

Why are shipping containers so expensive?

Once primarily used for transporting goods, containers have now become versatile solutions for housing, retail spaces, event venues, and more. As demand for these steel shipping boxes continues to rise, prices of shipping containers are influenced by global factors such as supply chain trends, regional economies, and emerging markets.

The prices of used 20ft and 40ft shipping containers vary depending on their physical condition, year of manufacture, and location.
