
Slovakia solar inverter customization company

Who is Slovak solar?

Slovak Solar s.r.o. is a leading photovoltaic wholesaler in Slovakia, Czech Republic and Austria, with a vision to create a sustainable energy future. We started our journey in 2009 with the main idea - to provide companies specialised in the installation of solar systems with access to first-class photovoltaic products, all from one place.

How many solar PV installations are there in Slovakia?

The solar PV installations in Slovakia are mostly attributed to the residential installations with 472 MW of installed solar PV capacity as of 2019. The government is seeing a huge potential for solar energy generation in the country and it is reflected in the growing demand in supply for solar panels for roof installations.

Why should you choose Slovak solar?

At Slovak Solar, we believe that progress comes from constant innovation. From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first companies in Slovakia to install Building-Integrated Photovoltaics (BIPV).

What is a solar inverter company?

The company specializes in the design and implementation of photovoltaic power plants and systems, offering a range of photovoltaic equipment, including solar inverters. Additionally, they provide smart battery storage solutions, enhancing the stability and security of renewable energy utilization.

????? Choosing Slovak Solar for our photovoltaic inverter needs was the best decision we made. Their expertise ensured that our solar project was a complete success. The inverters ...

Solar Inverter Manufacturers from Slovakia Companies involved in Inverter production, a key component of solar systems. 1 Inverter manufacturers are listed below.

The company specializes in the design and implementation of photovoltaic power plants and systems, offering a wide range of solar energy equipment, including solar panels, inverters, ...

About us SR SOLAR SK, sro Our company offers you more than 15 years of experience on the Slovak, Czech and Polish markets, with a stable German partner, in the field of design - i.e. ...

????? Choosing Slovak Solar for our photovoltaic inverter needs was the best decision we made. Their expertise ensured that our solar project was a complete success. The inverters they recommended have ...
