## Solar double glass module manufacturer

What is a dual glass PV module?

The dual glass PV module is a kind of special glass that can be used to generate electricity by solar radiation. It is composed of low-iron glass, solar cells, film, back glass, and special metal wires. It seals the solar cell through a film between a piece of low-iron glass and a back glass, which is the most innovative high-tech for construction.

What is a double glass module?

Double glass module: the front and back two pieces of glass + photovoltaic cells are compounded by encapsulation film. Traditional double glass module package: EVA+EVA, EVA+POE, POE+POE. Jiaying Fuying double glass module package: PVB+PVB.

How many patents are there for double-glass solar modules?

We have an independent R&D team with 11-year solar modules R&D experience. We can adhere to the product innovation, to ensure the delivery of a new series of products every quarter. As of 2020, the team has developed 67 intellectual patents for our double-glass products.

Who is Jinjing solar company?

The company is a leader in developing, producing, and processing glass and soda ash products. Jinjing has expanded into new solar energy materials, becoming a national high-tech enterprise in China. Jinjing's photovoltaic glass production supports leading solar module manufacturers in China.

Raytech as a manufacturer and supplier of high-quality double glass solar panel, solar module, and solar panel, provide you with high-quality products and solar module customization service.

The Solar Cell Double Glass Module is included in our comprehensive Solar Panels range. Wholesale purchases of solar panels benefit manufacturers by providing cost ...

We are China double glass modules manufacturer and custom PV solar panels factory, The company is committed to building a composite functional film, PVB double glass photovoltaic ...

SHINEFAR is one of the most professional bifacial single glass solar panels manufacturers and suppliers in China, specialized in providing high quality custom service. Please feel free to ...

Key Offering: Ultra-clear patterned glass, Anti-reflective (AR) coated glass, Double-glass modules Xinyi Solar is the world's largest manufacturer of solar glass by production ...

The dual glass PV module is a kind of special glass that can be used to generate electricity by solar radiation. It is composed of low-iron glass, solar cells, film, back glass, and special metal wires. It seals the solar cell ...

---

Why Choose Double Glass Solar Modules? Glass-glass solar modules (bifacial modules) increase energy production by approximately 2% to 5% compared to traditional glass-backsheet ...
