## Solar inverter recruiting agents

Who is solar inverter service?

Solar Inverter Repair Experts. Inverter Service has been repairing electronic equipment and Solar Inverters across Australia since 1975. We have worked with many of the leading electronic goods manufacturers and distributors world wide, namely Canon, Clenergy, Origin, Panasonic, Sharp and Sony.

Who are solar specialist staff?

From solar manufacturers and installers to storage facilities, our track record has seen us place specialist staff across the full value chain in the solar industry: Manufacturers, Developers, EPC Contractors, Utilities, Operators, Asset Managers, Investors and Consultancies.

How will the solar industry change in 2050?

The industry is changing fast. Solar jobs will account for almost half of the 42 million renewable jobs predicted by IRENA (the International Renewable Energy Agency) in 2050. Airswift understands the challenges facing the sector, and our dedicated team of consultants is able to support clients throughout the whole project lifecycle.

How do I keep my solar panels operational and reliable?

Keeping your solar panels operational and reliable requires professionals with the on-the-job experience and the right skillsets. The technicians we source through our tried and tested staffing solutions enable energy companies to improve their workforce productivity and reduce labour costs.
