
Solar power station in China in Doha

Where is Qatar's first solar power plant?

Qatar's first solar power plant, built by Chinese companies, was put into operation on Tuesday, marking a milestone for the country in energy transition. The 800MW Al Kharsaah Solar Power Plant, located in the desert area about 80 kilometers west of its capital Doha, is one of the largest in the Middle East.

How much Chinese equipment is used in Al Kharsaah solar power plant?

"Chinese equipment was applied throughout the project's 800 MW photovoltaic area, which makes up more than 60 percent of the total investment," said Li Jun, on-site construction manager of Al Kharsaah Solar Power Plant.

Where is Al Kharsaah solar power plant located?

The 800MW Al Kharsaah Solar Power Plant, located in the desert area about 80 kilometers west of its capital Doha, is one of the largest in the Middle East. With a total investment of \$417 million, it is the first non-fossil fuel power station in the country endowed with petroleum and natural gas.

What is Al Kharsaah photovoltaic power station?

The 800-megawatt Al Kharsaah photovoltaic (PV) power station in Qatar was put into operation on Oct 18. Generally contracted by Power Construction Corporation of China (POWERCHINA), the station is the first non-fossil fuel power station in the country and one of the largest PV power stations in the Middle East.

The Al-Kharsaah Solar Power Plant, developed in the Al-Kharsaah area of western Qatar on a 10-square-kilometer area of land, is the country's first non-fossil fuel power plant and currently the ...

PVTIME - China Power Guizhou Engineering Co., Ltd. held the EPC contract signing ceremony for Qatar's 800MWp Al Kharsaah photovoltaic project with Marubeni of Japan and Total of France on ...

On February 26th, China Power Construction and Qatar Hydro officially signed an EPC general contract for a 500 MW single cycle peak shaving gas-fired power station in Doha.

The 800-megawatt Al Kharsaah photovoltaic power station, Qatar's first non-fossil-fuel power station, was independently built by Power-China Guizhou Engineering Co.

Qatar's first solar power plant, built by Chinese companies, was put into operation on Tuesday, marking a milestone for the country in energy transition. The 800MW Al Kharsaah Solar Power Plant, located in ...

The Al Kharsaah solar power plant can supply 10% of Qatar's peak power consumption, thereby contributing to the country's sustainability roadmap.

PVTIME - China Power Guizhou Engineering Co., Ltd. held the EPC contract signing ceremony for Qatar's 800MWp Al Kharsaah photovoltaic project with Marubeni of ...
