## Solar power station portable in Nepal

What is solar power in Nepal?

Solar Power in Nepal: - Solar energy is radiant light and heat from the sun, which has always been used by humans through a series of constantly evolving technologies. Solar radiation and secondary solar resources make up the bulk of the renewable energy available on Earth.

Do solar panels work in Nepal?

Elsewhere in Nepal, particularly in the big hotels, there are indeed real electronic solar panels used to charge up batteries. But, it's a rarity. Nonetheless these painted black pipes do work for water heating. There is no question about it. And, I have no problem with it. Some of the best showers I've ever had have been in Nepal.
