
Solar powered portable outlet in Zambia

Who are the Solar Guys Zambia?

The Solar Guys Zambia are your local solar experts, bringing you the latest in solar technology with products like Freedom Won Lithium Batteries, Victron Energy Solar Equipment, and Canadian Solar Panels. They offer high quality solar installations, from battery back-up to full off-grid solutions, ranging from 3kva to Mega Watt systems.

Are there electrical outlets in Zambia?

No, the electrical outlets in Zambia are different from those in the United States. In Zambia electrical outlets of types C, D & G are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Zambia? The electrical outlets and power plugs in Zambia are of types C, D & G (see images).

Can I connect my laptop charger to an electrical outlet in Zambia?

Yes, you can connect your laptop charger to an electrical outlet in Zambia as long as the outlet is compatible with the charger's voltage and plug type. In Zambia, the standard voltage is 230V and the standard frequency is 50Hz.

What is the standard power socket voltage in Zambia?

All power sockets in Zambia provide a standard voltage of 230V with a standard frequency of 50Hz. You can use all your equipment in Zambia if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.
