
Wholesale 40-foot Mobile Energy Storage Containers in the USA

Where can I buy used 40ft shipping containers?

Buy Used 40ft Shipping Containers at a lower cost for your storage needs at Shipping Container Depot. These high-quality, robust, slightly used containers are perfect for storing bulky objects that wouldn't fit a 20ft shipping container or a 20ft HC container.

What is a 40 ft container?

40-ft containers are one of our larger shipping containers, and the dimensions are qualified for over-sized portable storage. These specifications are standard for large shipping boxes. Below are samples of how used and new containers look in comparison. We invite you to come visit our facility or call us to see our large, diverse stock.

How much cargo can a 40ft container hold?

Compared to a 20ft shipping container, a 40ft container can pack a whopping 2.53 m of cargo for every ton of weight. Meaning, a 40' container can hold up to approximately 26.76 tons of cargo. 40ft units can be used for commercial, residential, and shipping industry applications.

What is a 40 ft ocean cargo container?

The corrugated steel 40' ocean cargo container is the larger of the two ISO general purpose/dry freight containers. Because the 40-foot is considerably longer, you have the option of dividing the container up into multiple rooms which you cannot do with the smaller 20-foot containers.
